ALISEO H.T.S.

AUTOMATIC DRYER FOR CUTLERY

Completely made in inox steel Aisi 304 and with a very compact size, it's ideal for the structures which need to have, also during the table service, cutlery – inox or silver - always ready and brilliant. Square tank in inox steel, electronic temperature control, germicide professional lamp, fan to keep out any trace of granulate, dust extractor inside the tank.

Due to the frontal loading and lateral unloading, it can be installed under the working plans without keeping space in the kitchens.
